

# ECHOES FROM THE CHAPTER HALL

## DAY THREE

Kandy, Sri Lanka

03.02.2025

Our day unfolded with the Lord's invitation "to cross over" into new spaces, filling them with grace and purpose. It was a beautiful day as our sisters from different provinces/delegation shared their lives and missions through meaningful symbols. The sisters from France and Amravati chose the tree, representing growth and strength, while those from Sri Lanka used the river, symbolizing the continuous flow of life. The tapestry, woven with dedication and commitment, was the symbol chosen by the sisters from Madurai and Latin America. The sisters from Guwahati depicted their journey with the image of a bridge, signifying connection and unity.

With grateful hearts, we celebrate the richness of their lives and missions and thank the Lord for God's abundant blessings.
