Ecohes from the Chapter Hall

Day 5

More than just a meeting of minds and hearts, the encounter between Mary and Elizabeth was a profound discovery of sanctuary, a home in one another. Where do I find my sanctuary today?

Sr. Elizabeth Miranda and her Council, using the symbol of a "lighthouse", presented the report of our Congregation, which we have been reflecting on since October 2024, giving guidance and direction to where we stand today.

Our General Bursar took us on a "flight journey," using the image of an airplane to present the financial overview of our Congregation. With a safe landing, we were reminded of the careful direction required in our mission and the shared responsibility we carry.

As we continue our reflection, we are challenged by these questions:

- Where are we today as a congregation?
- What are our deepest concerns?
- What must we address with urgency and faith?

May the Lord grant us the wisdom to recognise our concerns and the courage to respond with faith, unity, and concrete action.
